The Honorable Debbie Lesko  
U.S. House of Representatives  
2435 Rayburn House Office Building  
Washington, D.C. 20515

Dear Congresswoman Lesko:

On behalf of more than seven million senior citizen activists, the 60 Plus Association thanks you for your outstanding leadership in introducing H.Res.1026, Expressing the sense of the House of Representatives that Medicare and Social Security provide an essential benefit for current enrollees and should be strengthened for future generations.

Your resolution states precisely what 60 Plus Association has been working towards, we must preserve Social Security and Medicare for today's seniors and reject any changes to Medicare or Social Security that reduce benefits for those enrolled as well as for the rising retirees. We want to ensure its permanent longevity and the allowance for seniors and future seniors to retire in confidence.

We have seen the Social Security and Medicare Boards of Trustees Report of 2018 and they have recommended that lawmakers act sooner rather than later to address the shortfalls of the system, but it must not be on the backs of those who have paid into the system all their lives.

We will certainly alert our members to the importance of this resolution and will be encouraging them to let their support be known by asking their Members to work with you for the security and not insecurity of the system.

Sincerely,

James L. Martin  
Chairman
